Site Director

Hello Youth and Teens! Now that the summer is here, we are seeing that the world is not only our playground, but also our classroom. With our Virtual Summer Passport Club, that is going Full STEAM Ahead, we will enjoy virtual field trips to Japan, Paris, Canada, the Amazon Rain Forest and the African Continent, right from the convenience and safety of wherever you are, at home or away from home. You will be able to visit places that you may have only dreamed of before while continuing to participate in S.T.E.A.M. (Science, Technology, Engineering, Arts and Math) activities with supplies we will provide to you! With our video conference calls and call-in features, you and your friends will be able to make cool projects and share them with each other.

Parents, thank you for enrolling and encouraging your youth to participate in our activities. We designed them specifically with your youth in mind and look forward to serving them this summer. By now, you have already received a packet of supplies for the activities planned and will soon receive a phone call from us to arrange a time to pick up another fun filled packet of supplies for your child to be able to prepare the projects planned. Please keep these supplies in a safe place during the summer activities, so they can easily find them when on the calls. Feel free to share concerns or compliments that you may have about the summer activities when we speak with you by calling the Community Services Foundation offices at 301-925-4251.

We will continue to provide food distribution, unemployment resources, rent relief assistance and more starting the week of July 6th. Remember to continue to stay at home as much as possible, wash your hands for 30 seconds frequently, practice social distancing, wear a mask and gloves when around others to limit the spread of the coronavirus. Keep in mind, not everyone who has the virus, shows symptoms. So, please avoid touching your face and social gatherings. We look forward to you getting through these challenging times safely.
